

Main Course Speaker & Clinical Demonstrator
Dr Fazeela Khan-Osborne
Supporting Demonstrators
Dr Neil Cooper/Dr J. Farquharson

Diagnosis and treatment planning for the delegates own cases.

Live surgery on both days with delegates assisting and placing implants. This course is aimed at GDP's who want to get started in implant dentistry. It gives all the documentation and valuable "hands on" experience in implant dentistry using The Ankylos System. This course will overview all of the above techniques with "hands on" live surgery and restorative practical demonstrations.

Course Programme:

- Brief overview of implants
- The consultation process for implant patients
- Use of special tests / CT / stents
- Medical complications / pre and post sedation drug regimes
- Documentation for implant patients and GDP's
- Informed consent
- Training your staff / surgery set-up for implants
- Treatment planning, getting your first cases to surgery
- Practical "hands on" sessions for implant placement
- Simple placement
- Ridge expansion
- Immediate placement and loading
- Single tooth
- Multiple placement

2 Day Course:

Friday/Saturday (9.30 - 5.30pm)
(Frequency approx. 1 per month)

Course Fees:

£450 per day inc VAT to include course notes & lunch.
