

Main Course Speaker
Dr Fazeela Khan-Osborne
Supporting Clinical Demonstrators
Dr Neil Cooper/Dr J. Farquharson

This course is designed for GDPs who only want to carry out very simple exposure techniques for implants and the restoration of the implant using The Ankylos Implant System.

This course will overview all of the above techniques with “hands on” live surgery and restorative practical demonstrations.

Course Programme:

- Surgical setup for the exposure / stage 2 procedure
- Inclusion and flap designs
- Soft tissue manipulation
- Transfer impression & pick-up impression techniques
- Abutment choice and customization
- Liaising with your laboratory
- Provisionalization and use of gingival formers
- Implant occlusion
- Try-in and fitting of final restoration
- Troubleshooting
- Single teeth
- Multiple teeth

Course Dates:

Wednesdays

Course Fees:

£450 per day inc VAT to include all documentation, course materials.
